

ABOUT THE BOOK

One of the ministries that play a vital role in the Body of Christ today is the ministry of the Apostle. It is a ministry that endeavours to impart the saints with a certain nature of Christ as they themselves have received it from Him.

This book discusses apostolic ministry by focusing on the impact such ministries have on the Body of Christ. It highlights the graces that operate in apostolic ministry and how those graces are imparted to the saints once they are exposed to genuine apostolic ministry.

This book will also help Church leaders identify some of the key areas the saints need to be activated so that they may impact their generation just like the early church.
